SUMMARY

With 2 years of experience, I specialize in Backend Development for scalable server-side solutions. Committed to delivering high-quality code, I possess strong problem-solving skills, attention to detail, and adaptability to work collaboratively or independently. Dedicated to ongoing skillset expansion and staying updated on industry trends.

EXPERIENCE

Techspian Services, Pune — Associate Software Developer

May 2022 - PRESENT

- Worked a 10-member team in the development and maintenance of a flight travel portal using NodeJS, JavaScript, and MongoDB, focusing on feature building and optimization.
- Actively collaborated with cross-functional teams to ensure the timely delivery of the travel portal project.
- Resolved critical bugs and issues through thorough debugging, log analysis, and troubleshooting, utilizing microservices for efficient problem-solving.
- Implemented a subscription system using Node.js and MongoDB, including billing and user management.

Techspian Services, Pune — Intern

March 2022 - May 2022

- Developed web applications using JavaScript and NodeJS. Gained experience in HTML, CSS and MongoDB.
- Actively participated in team discussions and contributed to project success through effective communication and collaboration.

TECHNICAL SKILLS

- Programming Languages – C, C++
- Database – SQL, MongoDB, Firebase
- Web Development – HTML, CSS, JavaScript, NodeJS, Reactjs
- Mobile Development – Flutter, Dart
- OS – Linux (Ubuntu), Windows
- Tools – Github, Kibana

ACHIEVEMENTS

- Organized college level event (Texplorers).
- Organized workshops in university. (python, android, php)
- Participated in Smart India Hackathon.

LANGUAGES

ENGLISH, HINDI, MARATHI

PROJECTS

Room Booking

- The project is the development of a web application for online room booking for hostels. The application allows users to search for and book available rooms in hostels based on eligibility.
- Users or students can complete the booking procedure through our application, and admins can review the applicant's form. The application was developed using HTML, CSS, JavaScript, React.js, and Node.js.

EDUCATION

Dr.Babasaheb Ambedkar Technological University, Lonere — *Btech*(Electronics And Telecommunication)

Sept 2019 - May 2022

GPA - 8.97

Institute of Petrochemical Engineering, Lonere — *Diploma*(Computer Engineering)

Aug 2016 - May 2018

GPA - 7.03
