## PROFESSIONAL EXPERIENCE

---

Node.js developer with a robust background in software development, blending practical internship training with a focus on scalable backend solutions and a Proven track record of delivering high-quality, tailored software solutions.

## PROFESSIONAL EXPERIENCE

---

**PIPLI.AI**, Mumbai, IN

Jan 2023 - Present

### Backend Developer

- Spearheaded the successful implementation of Multitenant structures, achieving an impressive 80% company growth by attracting and onboarding new clients.
- Introduced a Referral Code System, elevating app engagement by 25%. Users earned 15% of cashback through code-sharing, enhancing the experience and fostering an engaging environment.
- Managed cashback operations in Campaign Management, ensuring timely transactions and overseeing project atomicity.
- Deployed services seamlessly using Helm, Docker, and Kubernetes, focusing on maintaining high availability on Azure Virtual Machines for seamless execution.
- Played a key role in implementing bulk cashback, enhancing the company's offerings reduced the manual work.
- Implemented and managed the associated cron-job for cashbacks, resulting in a substantial 30% increase in customer engagement and a 10% boost in revenue.
- Contributed to the design and implementation of payment gateway using ccavenue and Typescript.
- Played a pivotal role in strategically deploying and enhancing micro services, showcasing expertise in AWS technologies, Kubernetes, and Docker to establish a robust foundation for applications.

**10X Academy**, Bangalore, IN

Jun 2022 - Dec 2022

### Software Developer Trainee

- Attained Full Stack proficiency, excelling in both frontend and backend technologies. Specialized in React.js and Bootstrap for frontend development.
- Node.js and Express Backend Developer with a strong emphasis on MongoDB expertise.
- Proficient in Git for efficient version control and collaboration.
- Applied MySQL database solutions, optimizing data storage and retrieval processes, contributing to the efficiency of project development by 50 percent.
- Streamlined data structuring and utilized web technologies to gain valuable insights into critical business challenges, resulting in the development of practical strategies that successfully addressed complex issues and drove project outcomes.
- Collaborated cross-functionally to ensure seamless task ownership and on-time project delivery.
- Developed Contact Manager app with secure Log in/Sign up, efficient Search, and Pagination features. Integrated axios for seamless frontend-to-backend data flow, enhancing user contact organization. Explore the project: [GitHub - https://github.com/loknathPradhan/contact-manager-app](https://github.com/loknathPradhan/contact-manager-app)
- Implemented streamlined development processes, resulting in a 20% increase in team efficiency over a six-month period.

## SKILLS

---

NodeJS | JavaScript | Typescript | MongoDB | MySQL | Redis | Rest API | AWS (S3, SNS, EKS) | Azure | Caching | CSS | Docker | Express Js | Git | GitHub | Google Cloud Platform (GCP) | GRPC | HTML | JSON | Kubernetes | Mongoose | Object-Oriented Programming | Postman

## EDUCATION

---

**Rajdhani College (BBSR) Bhubaneswar, Odisha, IN** *Bachelor of Science (Math)* 2018 -2021
